Dear Mr. Kubilius:

25X1A9a

There is enclosed a copy of [redacted] talk given to the Printing Industry of Washington on November 15th on our "Computer Assisted Photocomposing System" which you requested. I am also enclosing a copy of the slides used to illustrate this talk.

We greatly appreciate your interest in the work of the Printing Services Division and your desire to do a special editorial feature on this Division. However, because of the security conditions under which we operate I believe it would be better if we declined your invitation to do this feature.

Very truly yours,
